

## Federal Coronavirus Response and Relief Supplemental Appropriations Act (CRRSAA) Information -Quarter Ending 9/30/2021 (Funds Exhausted)

New Mexico Tech (NMT) received funding through the CRRSAA program through the US Department of Education. NMT is required to spend a minimum of \$676,599 on emergency student grants through this program.

As of September 30, 2021, NMT has distributed \$676,599 of the CRRSAA funds on Emergency Grants to students. \$245,662 was disbursed this quarter.

This funding was combined with NMT's allocation from the American Rescue Plan (HEERF III). In total, 164 students were identified as eligible for and received funding from the remaining HEERF II allocation. All students who were enrolled in the spring and summer 2021 semesters were notified by email of the opportunity to apply for available funding from these programs. In total, 641 students applied for funding and 164 received the remaining allocation this quarter. The students who did not receive HEERF II funding were given allocations from HEERF III. Priority was given to students who were Pell Grant eligible and grants of \$1,500 were distributed for the quarter ending 9/30/2021.

This exhausts NMT's funding that was allocated as part of the CRRSAA HEERF II allocation for student grants.
